YOUR ONE STOP CONSTRUCTION SOLUTION...

PR O F I L E

C R P O R A T E

“Real profits are generated by loyal customer’s not just satisfied customers.”

In 2009, **Sai Kriyaa International** was established by
Our Director and founder

Mrs. Pooja Saxena

Master graduate in Bio Technology and Bachelor in Foreign Trade.

With an idea to create a safe environment for the global importers who were willing to have bilateral trade relationship with India.

In order to achieve more heights, it is important to concentrate in our strength rather than working on others weakness. We understood that our strength is our sourcing ability and the wide logistic network.

We felt without good suppliers it is impossible to become a good Merchant Exporters hence we decided to make our supply chain the most reliable and strongest ones in the world. Our team of well experienced purchase managers located various supplier with reliable and quality products.

Once the supply chain was ready our international marketing experts began their business visit and gave confident to our clients and we got our first order for US\$ 600. It was just a small period of time and soon our audits confirmed our total turnover of the year as US\$ 1 Million. From there the growth was very gradual and in the year 2013 our turnover was almost US\$ 10 Million.

Now we have crowned ourselves as one of the leading Merchant Exporters from India and we are now the register supply of the FIEO, alibaba.com and various export promotion councils.

The dedication which we have shown towards our business has fetched us some great chances like

- Supply of Pre Fabricated houses for the Tsunami hit victim in Andaman Islands.
- Supply of T-Shirts to Indian Embassy in Seychelles
- Leading Supplier for TAJ Group Maldives
- Top fabric supplier for Radisson Group of Hotels.
- Preform suppliers for the leading Beverage Industries.

Our aim was to serve our customers with the right product, at right price at right time. We have successfully completed the same till now and will continue doing to same.

As we always feel that

“Real profits are generated by loyal customer’s not just satisfied customers.”

AN OVERVIEW

*“Real profits are generated by loyal customers--not just satisfied customers.” -
Rafael Aguayo*

Keeping the above quote in mind **Sai Kriyaa International** established itself as one of the leading turnkey solution provider recognized by the **Indian Government in the year 2004**. Having its office in **Chennai and Bangalore**, **Sai Kriyaa International** serves its customer with the complete supply and installation solutions to its customers.

With its liaison offices in the strategic locations like **Singapore, Colombo, Malaysia, Dubai, Seychelles, China and etc**, **Sai Kriyaa International** can easily delivery the cargo from pole to pole of the globe. With the longtime relationship we have with our manufacturers, **Sai Kriyaa International** can get any products at the lowest prices to our customers and support them in making their project cost effective.

The strong support and timely service we provide to our customers have earned us more **“Loyal Customers than the satisfied customer”**.
